

Amendments to the claims

1. (original): A sports viewing assembly comprising, in combination:

a head support for holding the assembly on a person's head;

a binocular assembly attached to said head support, said binocular assembly allowing viewing an event from a distance;

pivot hinge on said head support for raising and lowering said binocular assembly vertically to adjust to a user's desired viewing position.

2. (original): The sports viewing assembly of claim 1 further comprising a radio.

3. (original): The sports viewing assembly of claim 1 further comprising earmuffs.

4. (original): The sports viewing assembly of claim 3 wherein said earmuffs contain at least one earphone.

5. (original): The sports viewing assembly of claim 1 further comprising a laser pointer.

6. (original): The sports viewing assembly of claim 1 further comprising a rangefinder.

7. (original): The sports viewing assembly of claim 2 wherein said radio is a satellite radio.

8. (original): The sports viewing assembly of claim 2 wherein said radio is a scanner.

9. (original): The sports viewing assembly of claim 1 further comprising a camera.

10. (original): The sports viewing assembly of claim 1 wherein said assembly is supplied in a plurality of sizes.

11. (currently amended): A sports viewing apparatus comprising,
in combination:

an adjustable head support;

at least one telescopic device coupled to said head support;

a radio attached to said ~~[head support]~~ telescopic device;

at least one earphone[s] removably attached to said ~~[head support, said earphones coupled to said]~~ radio for listening

to said radio.

12. (original): The sports viewing apparatus of claim 11 wherein said radio is removable.

13. (currently amended): The sports viewing apparatus of claim 11 wherein said earphone[~~s-are~~] is removable.

14. (original): The sports viewing apparatus of claim 11 further comprising removable earmuffs.

15. (original): The sports viewing apparatus of claim 11 further comprising a microphone removably attached to said head support.

16. (original): The sports viewing apparatus of claim 11 further comprising a laser pointer.

17. (original): The sports viewing apparatus of claim 11 further comprising a rangefinder.

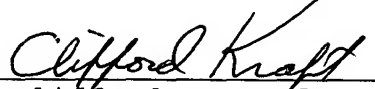

18. (original): The sports viewing apparatus of claim 11 further comprising image stabilization.

19. (original): A system for comfortable viewing of sporting events including an adjustable headstrap coupled to an optical means for viewing a sporting event, said optical means being

adjustable to fit a user's eyes and pivotable to pivot upward and downward to adjust to a user's preferred viewing position.

20. (currently amended): The system of claim 19 further comprising a means for receiving radio signals coupled to said [~~adjustable headstrap~~] optical means.
